

- High power LED downlight
- Body made in epoxy polyester painted die cast aluminium
- The fitting also comes complete with metalized heat resistant polycarbonate diffuser (fig. 1)
- A hinged system is used on the fitting (fig. 2)
- Even light distribution is obtained through the use of the PHILIPS Fortimo range of led's (fig. 3)
- All fittings come complete with LED driver
- The Ra Dixit range also includes a dimmable version
- The fitting also utilises a cooling device to avoid overheating. How it works? The device uses a diaphragm which through high speed oscillation, generates pulsating and forced air turbulence towards the heat sink fins
- Can be installed on normally flammable surfaces
- Class 1
- IP43

code lamp details

RA18 Dixit non dimmable

- IV/209-500** 17W 230V LED
Includes LED driver
- IV/209-510** 37W 230V LED
Includes LED driver
- IV/209-530** 45W 230V LED
Includes LED driver

RA18 Dixit dimmable

- IV/209-520** 37W 230V LED
Includes LED driver
- IV/209-540** 45W 230V LED
Includes LED driver

code lamp details

RA23 Dixit non dimmable

- IV/224-210** 17W 230V LED
Includes LED driver
- IV/224-220** 37W 230V LED
Includes LED driver
- IV/224-240** 45W 230V LED
Includes LED driver

RA23 Dixit dimmable

- IV/224-230** 37W 230V LED
Includes LED driver
- IV/224-250** 45W 230V LED
Includes LED driver
